ONE VENTURIN KILLED; TWO OTHERS WOUNDED.

CHICAGO, Dec. 12.—Inspection of windows and doors at the psychopathic hospital today failed to account for the mysterious disappearance of Miss Madeleine Leslie.

Arrested during a seizure of spiritualism, Miss Leslie was sent to the hospital, where she claimed to possess the power to "vanish into thin air."

This she seemed to have done, hospital authorities said.

CHILD FALLS OVER PRECIPICE, RESCUED.

SANTA MONICA BEACH, Dec. 12.—Only the trail support of a clump of bushes saved 2-year-old Laurena Dyer from death this afternoon, when she lost her balance and fell from the Palisades Park bluff at a point known as the "California street incline."

Mrs. C. A. Auer, of No. 212 California avenue, heard the cries and saw the child below on the steep incline. With much difficulty she got the baby to the top of the grade. A passing motorist rushed the infant to the office of Dr. P. J. Wagner, where a bad cut was sewed up and other treatment given.

Laurena had been missing for several hours, and the mother, who resides at No. 1227 Eleventh street, had asked the police to search for her. How a tot of less than 2 years of age could toddle eleven blocks to the park, which faces the ocean, is a mystery to everyone.

BRUN MAWR, Dec. 12.—Eight hundred dozen cans of sweet potatoes grown near Redlands and packed by the Kuhnle Cannery Company of Redlands were shipped from this junction today for Deming, N. M., being for use by the government in the big camp there. Another shipment of 400 dozen cans will be made today for Texas camps.

Tests have been made showing that the natural flavor of the fine potatoes grown in the hot sand of this section can be retained and experts have pronounced the best pack in California. The cannery anticipates a lower pack of sweet potatoes than other apricots, apples or tomatoes next year.

REX BEACH DUE.
FAMOUS AUTHOR TO SPEND CHRISTMAS HERE.

By Grace Kingsley.
Arriving today from New York will be Rex Beach and his wife. Mr. Beach's stories are now in course of production at the Goldwyn studios among them "The Brand," now being in work under direction of Reginald Barker, who has made a number of famous stories of northern flavor, including "Carmen of the Klondike." A notable cast is appearing, including a mysterious star, whose identity is being kept under cover for the present, and Robert McKim, well-known actor.

The company expects to go to Truckee, following Christmas week, when Mr. Beach will accompany them.

Will Have Own Company.
After all, we aren't over to see Virginia Pearson on the western "lot" in all probability. The reason is that Miss Pearson won't come West because she is about to leave Fox and form her own company, to be known as the Virginia Pearson Photoplay Company. Her husband, Sheldon Lewis, will be her director. Sheldon Lewis, being one of the best screen villains in the business, won't entirely quit acting, as when ever a specially hard-hearted article in cinema is wanted in his wife's pictures, he will fill the bill.

Wounded and Proud of It.
Word has just been received by Lucile Young, well-known picture actress that her husband, Lieut. Hale Day, whom she was wed just before he left for France last summer, was wounded the day before the armistice was signed and is now in Paris hospital.

"But I think he was very proud of it," said Miss Young, the other day. "A grade of his had been hurt, and he wrote me about it, calling him a 'lucky devil'."

Winnie Sheehan Here.
Winnie Sheehan, globe trotter and extra-ordinary Fox company star, has more foreign labels on her trunk than any other motion-picture business manager in the world, probably will arrive in this city today.

Big Show for Mason.
An announcement of interest to theatergoers was made yesterday by Manager Will Wyatt, when he was let in on the fact that, according to a telegram just received by Mr. Wyatt, no less persons than William Faverham and Maxine Elliott are to appear at the Mason in "Lord and Lady Algy" early in January.

Though "sold" drama is supposed to hold the boards at the Mason this week, Al Jennings, hero of "The Dugout," is nightly making a little talk. It is night longer his admirers, unable longer to restrain their enthusiasm, presented him with a gold medal—which was inscribed "For a Good Boy," or something appropriate like that.

Helan Gill Wins.
Pass the medal for diplomacy right along to Helen Gill, beautiful leading lady of "Business Before Pleasure," at Cline's Auditorium this week.

Last Wednesday morning she took an auto trip into the country in a machine which was left in a garage here by a friend who was out of town, but who had told Miss Gill to use it any time she wanted to. When a long way out in the country she met with a blowout and interest in the machine was lost. She drove to town and Miss Gill told him her adventure, but didn't tell him whose machine was using, as he owned a flock of machines, and apparently had forgotten all about the machine and cash, and the other property was left in the State.

How Is Your
"Culebra Cut"?

The Panama Canal is a clear passageway
as far as the Culebra Cut. But Gold Hill
has a way of slipping into the cut. And
until dredges can clear the channel, the industrial
schedule of the world is out of gear.
How about your own canal? The intestinal canal
is a clear passageway as far as the large intestine.
Then, if you become constipated, waste matter is
allowed to stagnate. It becomes unnaturally dry and
undergoes abnormal fermentation and putrefaction.
Germ activity is increased. Your whole system is
out of gear. Result, the production of irritating and
poisonous substances, which are absorbed into your
blood and carried all over your body, liable to pro-
duce disease anywhere. The longer such stagnation
is allowed to exist, the harder it is to clean out the
canal. 90% of human disease originates in the
"Culebra Cut."
If engineers tried to blast out the slide from
Culebra Cut they would have more slides to cope
with. If you try to blast out accumulated waste from
your Culebra Cut with pills, salts or purges, you will
increase your constipation—and next time you will
have to take stronger medicine in a larger dose.
You can't dredge your canal.
You can clean it out with Nujol.
Nujol softens the mass, and supplies the intestinal
canal with sufficient moisture to replace deficient
mucous. It causes the obstructive waste matter to
pass gently out of your system at a regular hour,
dissolving and removing the poisons as it goes.
Nujol regularly keeps the traffic of your mind and
body operating on schedule.
You admire the Panama Canal system. Why not
admirer your own? Your druggist has Nujol.

Warning:
NUJOL is sold only in sealed bottles bearing the
Nujol Trade Mark. Insist on Nujol. You may suffer

MAY GET MONEY
FOR "SUB" BASE.

Navy Secretary Wires Mayor
About Harbor Plans.

Wishes to Retain Operating
Place on Municipal Pier.

Reply Urges an Appropriation
for Permanency.

Upon receiving a telegram from
Secretary of the Navy Daniels, that
the government will vacate the half
of the covered dock of the Municipal
Pier now being used as a training
camp as soon as the process of de-
mobilization permits, but that it de-
sires to maintain a submarine oper-
ating base on the pier as long as Los
Angeles will permit it, Mayor Wood-
man yesterday sent a reply in which
he urged that an appropriation be
made at once to commence work on a
permanent submarine base.
Following is the telegram to the
Mayor from Secretary Daniels:
"F. T. Woodman, Mayor Los Angeles:
"Replying to your telegram, the
Navy Department purposes to vacate
that half of the covered dock of the
Municipal Pier used as a training
camp as soon as process of de-
mobilization permits, and will plan
to vacate this space at any time
on thirty days' notice from you that
the space is required for commer-
cial purposes. The department de-
sires to maintain submarine operat-
ing base on pier as long as city of
Los Angeles will permit, or until the
submarine base has been construct-
ed on the site offered by the city.
Up to the present time Congress has
not appropriated any funds for con-
struction of submarine base. It is
trust that this arrangement will be
satisfactory to the city, and that the
submarine operating base can be
maintained until a submarine base
has been constructed."
[Signed]
"JOSEPHUS DANIELS,
"Secretary of the Navy."
The Mayor's telegram in response
was as follows:
"Hon. Josephus Daniels,
"Secretary of the Navy,
"Washington, D. C.
"In view of the committee report
that submarine base be constructed
as early as possible, and the fact
that rising commercial demands
may compel use of pier in not dis-
tant future, it is possible for us to
get appropriation to commence work
on permanent submarine base in this
session of Congress? People of this
city will appreciate any action along
that line. We will use our best
efforts to keep submarine operating
base where now located until per-
manent submarine base is construct-
ed."
[Signed] "F. T. WOODMAN,
"Mayor."
In addition to this action, Mayor
Woodman has telegraphed to Con-
gressman Osborne to do whatever
he can to help the project along.

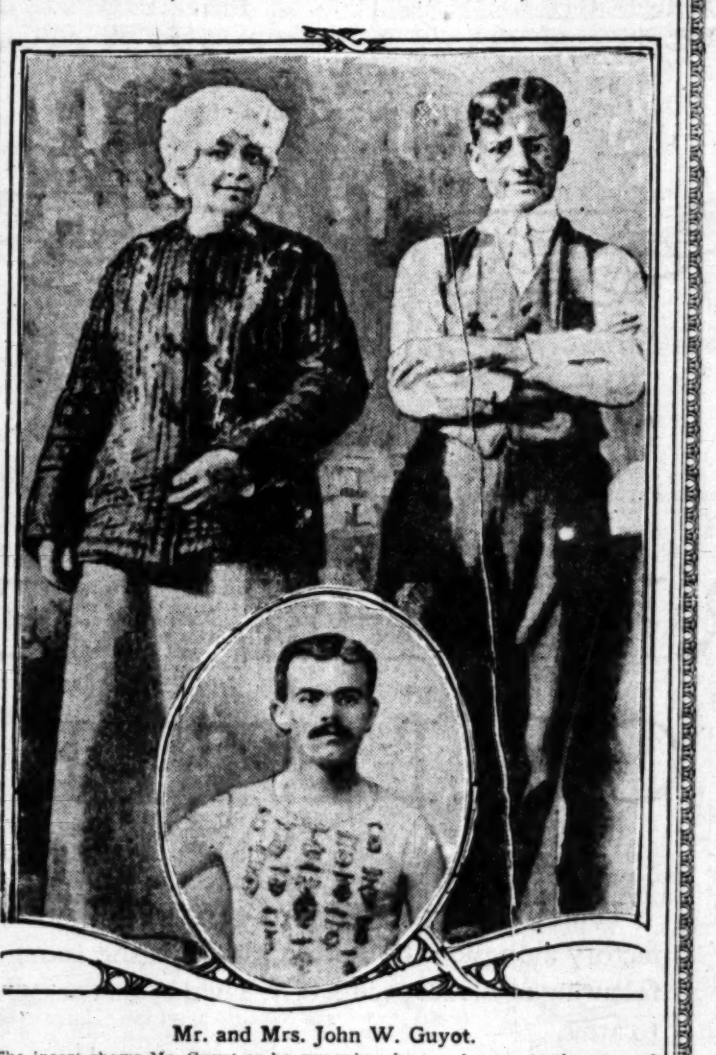

**READY TO TAKE THE
SOLDIER BOYS BACK.**
MANY BUSINESS INSTITUTIONS
WRITE TO MAYOR THAT
JOBS ARE OPEN.

Mayor Woodman yesterday re-
ceived several letters from well-
known business institutions, stating
that their former employees who
went into the service of the army or
navy will get their old jobs upon re-
turning home. The employers ap-
parently are taking the stand that
it is their patriotic duty to re-em-
ploy the men who represented them
in the great war.
Among those from whom the
Mayor received letters yesterday
were the Los Angeles Trust and
Savings Bank, which had thirty-six
youths in the service; Hamer Pack-
ing Company, thirty-six in serv-
ice; Bullock's Department Store,
ninety-seven boys; Sperry Flour
Company, 152; Cooper, Coate &
Case; Los Angeles Gas and Electric
Corporation, 191; and the Union
Hardware and Metal Company.
The following letter from Presi-
dent J. C. Drake of the Los Angeles
Trust and Savings Bank is similar to
the others received by the Mayor:
"My Dear Mayor Woodman:
"When the thirty-six boys em-
ployed in the Los Angeles Trust and
Savings Bank sacrificed their posi-
tions and everything else they held
dear at home, in order to serve our
country in its hour of need, it was
with the express understanding that
our officers and directors that when
the war was over and the army de-
mobilized, our boys should have no
difficulty in this institution. They
all keenly felt and appreciated it.
They were clearly entitled to that
for the sacrifice they made for us.
Yours very truly,
"J. C. DRAKE."

**NEW CAFE MANAGER
IS LUNCHEON HOST.**
A luncheon was given, yesterday,
in Hamburger's Cafe, by the new
manager, a large circular table, de-
corated with the colors of France and
America, seated seventeen women
representatives of various clubs and
social organizations.
Mr. Dugue received his education
as chef and chef-steward in his na-
tive country, France, and is now
coming to this country has been
connected with a number of leading
cafes and hotels in the East. He
taking over the management of the
Hamburger cafe, Mr. Dugue in-
tends to maintain a very high ex-
cellence and to serve not only busi-
ness luncheons and dinners, but to
make a specialty of such affairs for
women's clubs and personal parties.

**REMEMBER CHILDREN
WITH SMALL BEQUESTS.**
With the exception of bequests of
\$5 each to her three children, the
\$24,000 estate of Mrs. Lulu M.
Reed, who died at Monrovia, May 28,
at the age of 72 years, is left to the
husband, William Reed, according to
petition to probate the will filed
in the Superior Court yesterday.
The petition was filed by
James H. McAdams of Clark county,
Washington, on behalf of the hus-
band. A farm in Clark county,
Washington, valued at \$20,000, is in-
cluded in the estate, and property
in Los Angeles county valued at
\$4000.

MUCH-DISPUTED ESTATE CASE
IS FINALLY SETTLED BY
SUPREME COURT.

In the matter of the much-dis-
puted estate of James Sloane, the
State Supreme Court yesterday af-
firmed the judgment of dismissal of
the petition of Dora Arvilla Sloane.
This followed the sustaining of a
demurrer to her second amended
petition, asking that an agreement
made between Mr. Sloane and her-
self be declared of no force and ef-
fect.
The Sloanes were married in San
Diego, January 15, 1914, and during
the marriage Mr. Sloane lived in Los
Angeles until March 16, 1915, when
he left the family residence. It ap-
pears, 1916, an agreement was
made between the parties for a di-
vision of the community property.
It was agreed that he should retain
all of the money in his possession,
and other holdings that he might
accumulate following the amicable
settlement. On November 1, 1916,
Sloane died, leaving all his prop-
erty, valued at \$50, to Minnie Isabelle McDon-
nell.
In her petition for the setting
aside of the agreement, the wife
stated that it had been done to fa-
cilitate the securing of a divorce by
the husband. It was also set out
that the husband had agreed that
he should retain all the money and
other holdings that he might ac-
cumulate following the amicable
settlement. On November 1, 1916,
Sloane died, leaving all his prop-
erty, valued at \$50, to Minnie Isabelle McDon-
nell.
The Supreme Court finds that the
judgment of dismissal made by Su-
perior Judge Rives was proper un-
der the circumstances, and that the
beneficiary of the husband's estate must
be limited by the terms of the
agreement made before his death, to
which the wife had subscribed.

FEE CASE TRIAL SET.
The suit of the county against
County Clerk H. J. Leland to re-
cover naturalization fees, was set in
Judge Taff's court yesterday for
trial March 3. In this action
Mr. Leland claimed he had the
right to the fees. A decision by
the courts is to the effect that
they belong to the county. Mr. Le-
land, by instantiating through a
stipulation, paid a portion of the
amount he retained.

Wallace F. Beery Granted Decree;
Wife Refused to Have Chil-
dren, He Said.
"I don't want you to cry. Please
don't cry," wrote Gloria Swan-
son, film actress, to her husband,
Wallace F. Beery, actor and direc-
tor, and then she added: "Don't run
around and make a fool of your-
self."
In Judge Wood's court yesterday
Mr. Beery was granted a decree of
divorce from the ground of desertion.
He told the court that many mat-
ters brought on a quarrel which re-
sulted in their separation. The court
felt this was not the only trouble,
and finally Mr. Beery stated that
his wife had refused to bear chil-
dren.
When the couple separated Mrs.
Beery was earning \$75 a week and
Mr. Beery was pulling down a salary
of \$125 a week. Mrs. Beery had
asked him for \$2000, and he ob-
jected because she had been send-
ing money to her mother, aunt and
grandmother in the East.
The Beerys were married in
Pasadena February 20, 1916, and
separated on June 1, 1917. They re-
sided in Kingsley drive, this city.

WHAT ARE THE REAL FACTS ABOUT GILLETTE BLADES

MOST MEN are disposed to be fair and reasonable about a situation these days if they are in possession of all the facts.

You may have found of late in your neighborhood a temporary scarcity of Gillette Blades.

The big true story back of this condition can now be told for the first time.

We want you to know the facts. What we have done—what we are doing—why we say the condition is a temporary one. And we want you to see with us the bright outlook immediately ahead.

Refused to Recognize the Impossible—and Did It

TAKE NOTE of the task put up to the Gillette the last ten months, and how it has accomplished the well-nigh impossible. Consider the spirit of service, of devotion to duty, the enthusiasm and co-operation of the great army of Gillette employees—day force and night force, day in and day out.

Consider the importance of the Gillette as a part of the Mandatory Military Equipment of the United States Army and Navy—its place in the daily lives of the men; its relation to the health, well-being and soldierly appearance of our Troops on the Seas and Overseas.

Any Gillette user in touch with the situation, who read the cables, who felt the pressure, would gladly put aside his personal inconvenience and extend the hand of fellowship and congratulation for a duty recognized and a big job done.

Where We Stood When the War Department Called "Time"

WHEN AMERICA entered the War the Gillette factory in Boston had a capacity of four thousand razors a day; barely sufficient for the domestic trade. Our European factories were closed. Our Canadian plant was working overtime to handle the world-wide export demand.

Foundations were laid for a great new Gillette factory alongside the Boston plant for the manufacturing of blades exclusively. Then came the call to arms.

The Government realized that in modern warfare, as never before, conditions made the clean shave of vital importance. It searched the world for the most proficient shaving device. The Gillette had been tried out in the trenches. It was already the Razor of the Great War. The French had proved it.

The War Department told us what we were expected to do. It was up to us.

In the meantime, the necessary building restrictions of the War Industries Board stopped work on our new factory.

What It Cost to Make Good

IT MEANT just this—that we had to reach seven times our existing capacity in a limited number of weeks. Doubling a business is difficult enough. An increase of sevenfold without additional factory space looks like a knockout. But we got on our feet before the gong sounded, and went to it.

We furnished the Government three million, five hundred thousand razors, and six and a half million dozens [78,000,000] of blades. That's about thirty-five miles of shaving edge every twenty-four hours. And we're not done yet.

The end of hostilities stops the demand for gas masks and shrapnel. But the boys are over there and they must continue to shave. The cables still come to rush Gillette razors and blades.

In the meantime, supplies to foreign civilians throughout the world—where the demand has almost doubled—had been cut to 5 per cent of former deliveries. During the past year home demand increased 80 per cent, and much of this increase has been met. Shipments were even brought back from China and the Far East to meet the needs of the home trade.

It has been a great experience and you will find every man and every woman in the great factory

proud of the work and of each other—and especially proud of the many members of the Organization who have been in the thick of the fighting Overseas.

What About the Immediate Future?

NEW FACILITIES are almost ready. So pressing was the demand of the Government for deliveries that the War Industries Board finally let us go ahead with our building plans.

The new factory is nearing completion: eight stories high, with thousands of additional feet of space. This entire building will be devoted to blade production—giving us a total capacity of one hundred and ten thousand dozen blades a day, or three hundred and fifty-six million blades a year.

Gillette Razors for Christmas

THERE ARE dealers in almost every community fortunate enough to have in stock an assortment of Gillette Sets and Combinations suitable for Christmas gifts. The events of the past year have settled once for all the supremacy and proficiency of the Gillette as the razor for every man's use. There is no more acceptable, practical or lasting Christmas remembrance.

The variety of patterns now in dealers' hands offers a selection that will meet any man's requirements—even if he is already a Gillette user, replacing an old model with a new one: the Regular Standard Set with a Pocket Edition, or a Traveller's Combination. The Gillette will be in greater demand this Christmas than ever. All available stock in dealers' hands will be sold out early in the Christmas shopping season.

A Packet of 12 double-edged Blades accompanies each Razor Set, and there will be no difficulty later about an ample supply of blades in every store of the 143,000 Gillette dealers throughout the world.

This image shows a blank, aged, light brown page, likely an endpaper or flyleaf of a book. READY TO WORK FOR RED CROSS.

Precinct Inspectors Told of Plans for Campaign.

French Officer Relates Need of Reconstruction.

All in Los Angeles Expected to Join the Society.

At a meeting yesterday of all the precinct inspectors at headquarters of the Red Cross Christmas roll call, Chairman H. M. Haldeman gave last-minute instructions for the complete canvassing of every home in Los Angeles.

"Although no precinct headquarters will be kept open for subscriptions," said Mr. Haldeman, "each captain will have a headquarters for the workers. The precinct workers for the first four days of the campaign will work exclusively in their precinct. After Friday of next week, they will take subscriptions for memberships in any part of the city. The ordinary membership is for \$1. A \$5 or \$10 membership can be taken out if desired. There is a subscription to the Red Cross Magazine. The subscriber for Red Cross membership can designate the name of the Red Cross auxiliary to which he wishes his membership to be credited."

Lieut. Robert Renaud of the French army addressed the workers and stated that the work of the Red Cross has really just begun, entering upon the tremendous task of reconstruction of the places of the devastated districts. It will take 1,000,000 men working two years to restore devastated France and Belgium, he said. "The Red Cross was an agent to help win the war; now it is your agent to help the people who have suffered and sacrificed through the war."

On Sunday, from every pulpit in the city, a Red Cross Christmas roll call message will be delivered. Chairman Haldeman announced yesterday that scores of persons have already come to headquarters and purchased memberships in advance of the opening of the campaign. The campaign headquarters is at No. 719 South Hill street, and all who desire may secure their membership in advance if they will apply. The Honor Buttons should not be worn until next Monday, or the Honor Emblem put up in the window until that time. It was announced.

At the big mass meeting at Shrine Auditorium, at 8 o'clock Sunday, the "All Humanitarian Red Cross" will be shown for the first time in Los Angeles. Private T. P. Smith, of the Seventy-second Infantry, Highlanders of Canada, will be the main speaker. Private Smith was wounded six times. A musical program will be rendered by a military band. The Christmas roll call drive opens Monday.

ANSWER HERE, MAYOR URGES.

Everyone Should Respond to the Red Cross Roll Call, Says Executive.

Enthusiastically endorsing the Red Cross roll call campaign, Mayor Woodman yesterday issued the following proclamation:

We are at the threshold of a campaign to increase the membership of the Red Cross organization by including in that organization every citizen of the city.

The work of the soldier is drawing to a close. The flag that has never known defeat, the flag that has never been lowered to any foe, still waves as the emblem of liberty, and the hope of all liberty-loving people.

But the work of the Red Cross has not ended, and it is necessary for them to carry forward the work that has been so splendidly conducted all through the war.

This campaign starting next week is a roll call campaign, and when it is over I trust that all the people of the city will have answered "her" to the roll call, with the feeling of assurance that in this, as in all other drives, they have splendidly performed their part.

WOMEN ADMIT THEFT.

A written confession by Mrs. Anna Huff and Miss Edna Sanborn relative to the alleged burglary of the home of Mrs. Mary L. Fitch of No. 1229 Pleasant avenue was placed in evidence in the court of Justice of the Peace Brown yesterday.

Both women were held to answer, Miss Sanborn being returned to the County Jail and Mrs. Huff allowed to go on her own recognizance because of her four children at Graham Station. Her bail was set at \$500, which she will arrange, she says.

A complaint against Miss Doris Pierson was dismissed on request of Deputy District Attorney Hill. Miss Pierson was invited into the room, it was said. The articles said to have been taken included mostly women's wearing apparel.

ATTORNEY FACES CHARGE.

Howard E. Rench, a local attorney, appeared before Justice of the Peace Brown yesterday in defense of a charge of embezzlement against him. Mrs. Madeline E. Stearns told of her transactions with the attorney, whom she charges with appropriating various sums amounting to over \$200 belonging to the estate of her children and her late husband. The case was continued until today at 10 o'clock, when another continuance will probably be taken.

JAIL CONDEMNED AGAIN.

Grand Jury Also Urges Change in Way of Auditing County Accounts.

The City Jail came in for strong condemnation again in the annual report of the 1918 grand jury, filed yesterday with Superior Judge Frank R. Willis. The jury was then dismissed. The city authorities are urged to immediately take steps to erect an adequate and modern building for a City Jail and police headquarters. The grand jury urges the abandonment of the present system of annual audit of county finances and adoption of the corporate system of continuous audit. This, the report says, will mean a saving of \$15,000 a year. Another saving of \$100,000 will be made, says the report, if supplies of all county schools be bought by the purchasing department. Reports that the county is in debt to the aqueduct are unfounded, says the report; and the management of that branch of city affairs is highly praised.

In presenting the report Chairman G. B. Ocheltree also filed three secret indictments and one against Roy R. Laumon. The latter is merely to correct any faults in a previous indictment. Mr. Laumon is charged with entering false proof in claims for loss from a fire at No. 2192 East Eleventh street.

UNSANITARY CONDITIONS. The Jails Committee, Will J. Hess, chairman, commends the condition of the County Jail and Capt. H. Laumon, in charge, but declares the Central Police Station on First street is unsanitary and inadequate in point of capacity, and as to equipment and furnishing. The committee outlines some of the conditions found at the City Jail as follows:

It is an old structure, not fit for a police department. Other buildings have to be leased to accommodate police needs. The only system of heating is by gas stoves. Prisoners, officials and attendants all suffer from cold, and their health is endangered. The "drunk" cells are in the basement, with no ventilation. The buildings are patchwork. The storage of gasoline in and about police headquarters is extremely dangerous, as so many men are locked up, with no means of escape in case of fire. Much time and money has to be spent in painting and disinfecting the jail. Cracks and crevices have developed, making it impossible to eradicate vermin.

The health and sanitation committee recommends that the public health work of cities of the sixth class be combined with that of the county, and that the Supervisor provide for such supervision of health districts, whether in incorporated districts or not.

INQUIRY GOES OVER.

Ironworkers Ask War Labor Board to Render a Decision Before Evidence is Submitted.

The War Labor Board inquiry into the appeal of former employees of the Llewellyn Iron Works at Torrance, which was to have been held yesterday in the Union League Building, was indefinitely postponed because the petitioners demanded action which involved a decision before evidence was submitted.

The men complained that they had been discharged for joining the union. They stated that unless the example was set by the board, they would not submit their case to the board. Examiner Raymond Swain declared the inquiry indefinitely postponed. The Llewellyn Iron Works had served notice that it would not be a party to the proceedings, nor participate in the inquiry in any way.

The grand jury urges that the law be modified to permit half of the members to take up the work at the beginning of the fiscal year and half with the calendar year, thus preventing half of the body to become familiar with the work and omitting repetition.

Germany said, "Americans are extravagant; they can't save"

They didn't know; Americans found more ways to save than anyone had ever dreamed of before.

One of them was in clothes; buying good ones because they lasted longer and cost less for each day of service. Such clothes as Hart Schaffner & Marx make.

Let's not forget these things in peace times; what was good for your country in war is good for you now.

When He Comes Back—

he'll need a new suit of "civilian" clothes. Can you think of a more practical, sure-to-be appreciated Christmas gift than a merchandise order on "the store with a Conscience" for a Suit of H. S. & M. all wool?
